**Call to Order:** 11:03 AM by Commissioner Mabon

As this meeting was conducted via Video/Tele-Conferencing, no action was taken for the Pledge of Allegiance. Commissioner Mabon began the Meeting with Roll Call. He then certified that prior to the September 21, 2020 Board Meeting, there was an Executive Session held and there was nothing discussed in the Executive Session that was not indicated on the Posted Notice of the Executive Session; and being in compliance with the Indiana Statues, there were no final votes held during the Executive Session. Commissioner Mabon asked if any Board Member dissented to the certification. Hearing none, he then proceeded with the meeting.

**PUBLIC HEARING: Proposed Increase in Trash Collection Fees Charged for the Collection and Disposal of Garbage and Other Non-Regulated Solid Waste in the City of Gary, Indiana.**

Executive Director Vicari gave an Overview regarding the Trash Collection Fee:

- The Public Hearing for the Proposed Increase for Trash Collection Fees was advertised, in accordance with State law.
- Said advertisement explained the need for an Increase for Trash Collection Fees as GSD has been running deficiently in revenue collections for the Solid Waste Program.
- The 2018 State Board of Accounts Audit (conducted in 2019) mentioned that GSD is not collecting enough money to pay for the liability of the expense that is incurred year by year.
- In 2020, GSD will have a revenue short-fall of roughly \$1.7 Million in the Solid Waste Program.
- The cost of the Solid Waste Program is approximately \$5.5 Million; with only an estimated \$3.8 Million revenue coming into GSD (hence the \$1.7 Million short-fall).
- The last rate increase proposed to GSD's Board (which was conveyed over to the City of Gary Common Council for Ordinance consideration and approval) was in year 2012.
- In year 2012, the GSD Board passed a Resolution, which was heard and approved by the City of Gary Common Council, approving a five (5) year Rate Schedule (with an increase year after year thru year 2017).
- Year 2018 is when GSD started NOT collecting enough money to pay the vendors (curbside, solid waste fees being charged to GSD) per the contract. Sufficient funds have not been collected to meet the expenses of the program.
- GSD has worked with its Financial Consultant Karl Cender (Cender & Company) in an attempt to find ways to cover the trash collection expenses.
  - Commissioner Jackson asked if the reason for the short-fall relates to GSD's customer-base decreasing.

Executive Director Vicari answered the question asked and continued on with the overview:

- GSD operates at an approximate 82% collection rate, with 18% of the collections/monies NOT being collected year after year. In addition, there is also the fee charged for Solid Waste/Trash Collection; which is \$16.30 per month per household (this fee dates back to year 2017 – this is what was charged to GSD by Republic Services per the contract, which includes a 10 cents Administration Fee).
  - In year 2018, GSD still only charged \$16.30 per month per household for trash collection fees; yet Republic Services charged GSD a fee of \$16.70 per month per household.
  - In year 2019, GSD still only charged \$16.30 per month per household; with Republic Services charging GSD a fee of \$17.19 per month per household.
  - In year 2020, GSD still only charges \$16.30 per month per household; with Republic Services charging GSD a fee of \$17.70 per month per household. Republic Services has continued to charge GSD an escalation of 3% year after year per their contract.

MINUTES OF THE GARY SANITARY DISTRICT BOARD OF COMMISSIONERS  
REGULAR MEETING HELD ON SEPTEMBER 21, 2020

- 
- The new rate proposed for City Council approval (after a 1<sup>st</sup>, 2<sup>nd</sup> and Final Hearing) is \$28.25 per month per household (which will include a “catch-up” for all the years GSD did not additional fees for years 2018, 2019 and 2020).
  - If the proposed amount is approved by the City of Gary City Council, the rate will not take effect until January 2021 for the Residents of the City of Gary.
    - Commissioner Morris asked if trash collection services were once performed via “in-house methods/staffing” and if such a method has been considered going forward.

Executive Director Vicari answered the question asked and continued with the overview:

- At present, it is unknown what the current Administration’s plans are concerning ideas/avenues relative to Trash/Solid Waste Collections. However, the current contract for Trash/Solid Waste Collections is by and between Gary Sanitary District and Republic Services. Hence, the request to approve the proposed new trash collection rate. With a continued revenue short-fall for Solid Waste Collections, GSD has to use an estimated \$2 Million (per year) from other GSD sources/revenues (such as funds to repair sewers/sinkholes) to cover the expense.
  - Commissioner Mabon asked if the rate increase is subsidizing for the customer count/loss of population within the City.

Executive Director Vicari answered the question asked and continued with the overview:

- The GSD customer-count is challenging. At present, GSD and Republic Services have agreed to a customer-count/audit every quarter. GSD is working closely with NIPSCO and Indiana American Water at tracking the customer-count by cross-referencing addresses with the last known service dates.
- In year 2015, GSD and Republic Services worked together to obtain a City of Gary customer-count; which was 22,894 homes. In November 2019, the City of Gary customer-count/audit number was at 20,381 homes.
  - Commissioner Mabon asked if GSD is staff-equipped to handle conducting its own audit/customer count without the assistance of NIPSCO and/or Indiana American Water’s methods of tracking customers.
  - Commissioner Mabon asked what the Alley Auditors responsible were for.
  - Commissioner Mabon asked what will be the next steps for GSD/City of Gary for Trash Collection/Solid Waste Fees.

Executive Director Vicari stated answered the questions asked and continued with the overview:

- GSD is not equipped to handle such an audit/customer counting process. GSD uses its own data when working with NIPSCO and Indiana American Water Company for comparisons.
- The Alley Auditors have been repurposed within GSD, now working within the Compliance Department as the Alley Project is over.

MINUTES OF THE GARY SANITARY DISTRICT BOARD OF COMMISSIONERS  
REGULAR MEETING HELD ON SEPTEMBER 21, 2020

---

- If the Board approves the Resolution relative to the proposed rate increase, the Resolution and Ordinance will be forwarded to the City Council for consideration and approval.

Attorney Walker stated Mayor Prince plans to use City of Gary Code Enforcement Officers – in conjunction with GSD – for the purpose of tracking/auditing households within the City.

The Public was allowed to participate at this portion of the meeting. There were NO REQUESTS TO SPEAK from the Public.
